To Our Patients,

While the COVID-19 situation evolves and recommendations change rapidly, the health and safety of our patients, their families and our staff remains our top priority. Based upon recommendations of provincial and federal governments and health care regulatory bodies, the most responsible action for us to take is to close our clinic until further notice.

In addition to the best practices that we have always used in our clinic for infection control, several weeks ago Port Perry Audiology began implementing enhanced procedures and policies designed to keep the health of our patients the top priority. While we cope with this global pandemic, we encourage you to follow the guidelines provided by Health Canada:

and we look forward to seeing you all very soon. Please take care of yourselves and your community.

Sincerely,

Port Perry Audiology
